MEMORANDUM FOR: Executive Assistant

FROM : Acting Chief, Intelligence School

SUBJECT : Weekly Report of Intelligence School Activities
No. 16, 17 - 23 April 1970

1. Col. White and Mr. Bannerman both did a fine job at the Advanced Intelligence Seminar [REDACTED] this week. Col. White gave the same briefing he gave the DCI and DD's recently [REDACTED] -- emphasizing programs, priorities, budget, personnel. The DD/S praised the "new look" in OTR under Hugh Cunningham -- particularly our emphasis on avoiding the "organizational chart" approach toward training and stressing policy -- intelligence matters and inter-directorate problems.

The seriousness of CS personnel problems was surfaced by CS students in discussions with [REDACTED] the Management Advisory Group panel. Two evening speakers, Mr. Karamessines and [REDACTED] had to cancel out. [REDACTED] substituted for [REDACTED]. The final day at [REDACTED] featured [REDACTED] SA/DCI, and the DD/S&T, both of whom gave excellent presentations.

The final day of the class, at Headquarters, consisted of a panel on the S.A.L.T. talks, conducted by Dave Bandwein; and a question and answer session with the DD/P. The meeting with the Director had to be cancelled.

2. As a result of a meeting held with the DTR on 22 April, it was decided to open up Intelligence and World Affairs to approximately 20 non-CT's in July, so total student body will be 40. We are investigating ways of obtaining the additional students on a selective basis from professionals who have been around a few years. To achieve integration of the content of the IWA, meetings will be held by senior staffers from both schools, chaired by [REDACTED] and with an [REDACTED] and CTP representative participating.

3. Registrations for Intelligence Briefing No. 5-70 now stands at seven, all but one from NPIC. The lone non-NPIC'er is a GS-14 from LOG. We consider an enrollment of seven to be a practical minimum in view of the role the group plays in critiquing each briefer. This experience with registrations for the IB again points up the poor correlation between long-term notifications by components of ~~status~~ ^(Etc.) requirements -- the tally still is close to 100 -- and the actual delivery of bodies for a given class.

4. On Tuesday, 28 April an informal meeting will be held at 1000 Glebe  FOIAb3d

FOIAb3d  They are interested in discussing our views on curriculum planning and of training in intelligence in general.

25X1A9a 5.  was married on 11 April to  She 25X1A9a returned from her honeymoon on 21 April.

6. General Cushman has accepted an invitation, originally sent to the Director, to speak to the officers of the 1127th USAF Field Activities Group at their formal "Dining-In" at Bolling AFB on 10 July.

7. A three-hour program on CIA is being arranged for 20 students of the Air War College who will come to Headquarters for the afternoon of 1 May.

8. During this reporting period, these non-Agency briefings were given:
